WEATHER OF CONCERN

Weather of Concern

NORTHERN CALIFORNIA

- Red Flag Warning for possible thunderstorms developing in Modoc County.
 - Winds will likely pick up, causing issues with existing and new fires.
- Air quality will be impacted due to smoke and haze additionally near wildfires.

SOUTHERN CALIFORNIA

- Scattered thunderstorms are expected along and near the desert slopes of the mountains in Riverside and San Diego Counties.
- Smoke will persist across most of the inland areas.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

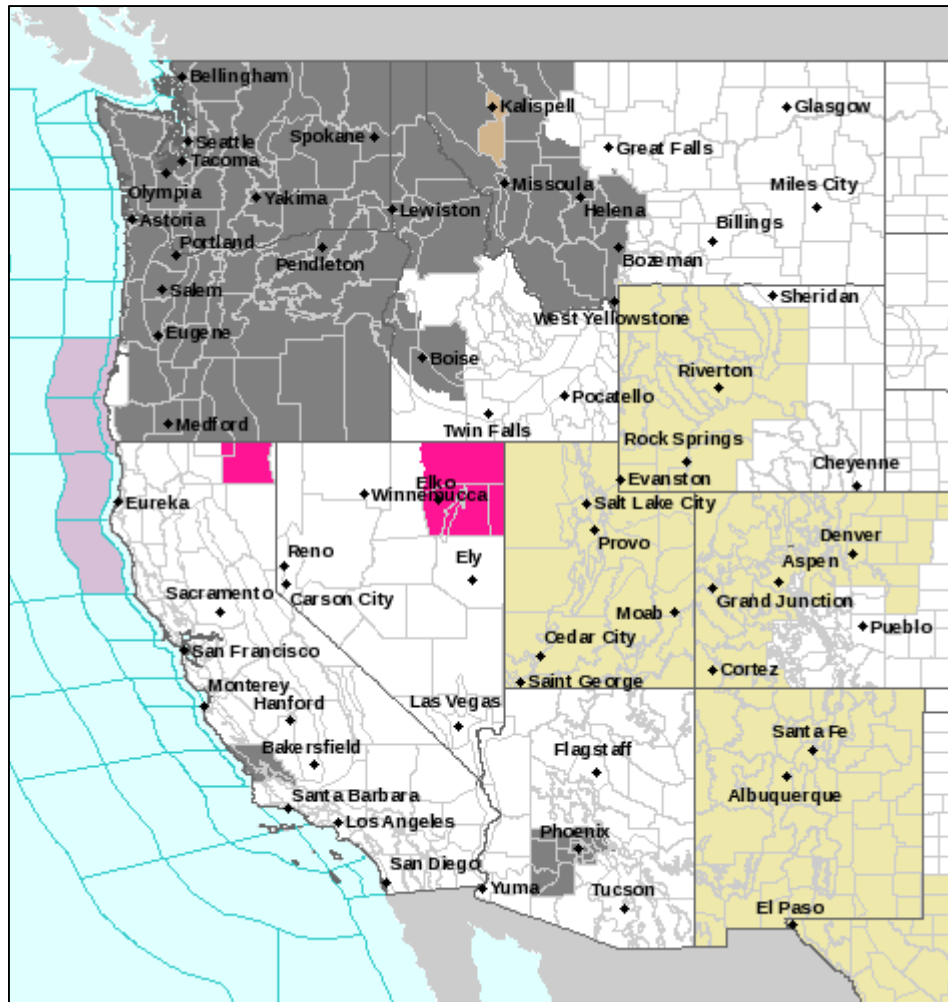

Possible developing thunderstorms in Northern California have the potential for lightning strikes which will be capable of starting new fires. This has caused a Red Flag Warning for Modoc County. The west of the Cascades will see lower temperatures than earlier predicted even though winds will be more easterly and off shore. Dry weather will prevail for the upcoming week as temperatures ease down closer to average. Upper level troughs will impact the area causing slightly cooler temperatures which will continue through the week and into the weekend. Smoke will persist across most of the inland areas through the rest of the week.

SOUTHERN CALIFORNIA

The desert slopes of the mountains in Riverside and San Diego Counties could see scattered thunderstorms into the afternoon. High pressure will continue to weaken and shift eastward today resulting in increased onshore winds. Temperatures will lower to near seasonal normal today, however warm temperatures will continue through the week with overnight and morning low clouds and fog along the coast. Drier southwest winds will develop for tonight and Wednesday and through the next weekend. Dry conditions will continue for the remainder of the week.
